

Graduation Planning for a Bachelor of Arts and Bachelor of Science

- Majors and minors:
 - **BA** – one major, one minor (or double major, optional minor)
 - **BS** – one major, two minors (or double major, one minor) – one minor must be in the natural sciences
 - Environmental Science majors are not required to complete any minors
- Total number of credits to meet minimum requirements to graduate: 183
- Overall grade point average: 2.0 or better to graduate
- Major and minor grades: Must be C- or better
- Major grade point average: 2.0 or better to graduate
- Minor grade point average: 2.0 or better to graduate
- Maximum DU credits in any one discipline:
 - **BA** – 60 DU credit hours (except Music majors)
 - **BS** – no policy
 - Transfer AB/IB credits do not count towards 60hrs
- Credits at DU: 50% of major and minor credits must be completed at DU
- All Common Curriculum Requirements are met
- AI-Society Requirements: Two courses from different disciplines
- SI-Society Requirements: Two courses from different disciplines
- Upper division credits: At least 75 credit hours must be completed at the 2000 or 3000 level
- Last 45 credits: Must be completed “in residency” at DU
- Check for repeated courses: Students who earn below a C- for required Major and Minor courses will need to retake the course.
 - Students may use the [Course Repeat with GPA Replacement policy](#) a maximum of 4 times for repeated coursework that was below a C-. The form must be submitted to the Office of the Registrar (Registrar@du.edu) prior to the last day to withdraw from a course of the quarter that the course is being repeated.
 - If using the policy, both grades will show up on the transcript, but only the repeated course grade will be factored into the Cumulative GPA and Major or Minor GPA. The credit hours will only count once overall.
 - If the policy is not used, both grades will show up on the transcript and average into Major or Minor GPA and Cumulative G.P.A. and the credit hours will only count once overall.
 - **Please Note:** If a student earns a D+, D, or D-, the student will need to add the course with an instructor’s signature on an [add/drop form](#), and submitted to the Registrar’s Office, and will not be able to register for the class in the registration system.
- Check for incompletes
- Check for 10hrs max independent study

- Check for 10hrs max internship credit
- 90 hours at DU and Thesis if pursuing Latin Honors Magna Cum Laude or Summa Cum Laude

Reminders:

Double Major: Student is earning a major under the same degree

Secondary Major: Secondary majors offer students the opportunity to earn one baccalaureate degree in one program supplemented by a rich intellectual experience in a second field of specialization outside that primary program. The “secondary major” offers the option of studying two subjects from two different degree programs while earning a baccalaureate degree in the first major without the requirement of earning a second baccalaureate degree in the secondary major. More information can be found at <http://www.du.edu/registrar/programs/secondarymajors.html>

Concurrent Degree: Students are earning two degrees at the same time for example a BSBA in Finance and a BS in Chemistry. The minimum requirement is 228 hours (45 hours above the 183 and students have to meet the Common Curriculum of both degrees).
